

Sherry Anderson, Retired Registered Nurse and Director of Nursing

Sherry was elected Secretary of the Senior Support Services (CPHC) Board of Directors in 2022, and continues to fulfill this role as she enters her 2nd 3-year term on the Board.

Sherry continues to share valuable skills and knowledge as a Board Director as a member Board Quality Committee and Finance/Audit/Risk Management Committee.

A retired Registered Nurse and Director of Nursing, working in the health care sector for 30 years at Brockville General Hospital, Sherry provided care for patients in ICU, Restorative Care, Rehab, Complex Care, and Palliative Care.

Throughout her career Sherry was a strong advocate for the patients; she worked collaboratively with various community and provincial teams to develop new programs, while building strong rapport with partner organizations. Her experience, ambition, and compassion aligns well with the mandate of the Senior Support Services –CPHC. Her ability to advocate for change/solutions with a clear understanding of resource and funding limitations, is a tremendous asset to the organization and Board of Directors.

Throughout her career in health care, Sherry witnessed the challenges that many seniors face, impacting their ability to remain living at home. The importance having opportunity to receive community services and supports is critical for seniors who endeavor to remain living in their own homes and communities safely – preventing life-changing events that often lead to needless admission to hospital and/or long term care facilities.

Sherry resides with her husband in Lyndhurst where they and they spend time enjoying their family (3 sons, daughter-in-laws, and 5 grandchildren) and friends on Lower Beverly Lake.
