

Member Application Senior Support Services – CPHC Board of Directors

The Senior Support Services-CPHC Board of Directors looks forward to welcoming new Members. As a governance board we oversee the Executive Director, who is responsible for day-to-day management of operations. Members contribute to the stability of this not-for-profit charitable organization, imparting their knowledge and skills in education, management, legal and financial matters.

We are 60% funded by Ontario Health, therefore rely on funding from the local United Way as a ‘member agency’, fundraising, donations, and client fees to manage the delivery of our services, programs, and support to seniors and caregivers throughout Leeds & Grenville, and areas of Lanark County. Our Lifeline program also serves residents of Kingston & area. Our mandate is to provide equal opportunity for seniors to ‘age in place’ (within their homes and communities) for as long, healthy, and safely as possible.

To help us understand your skills, experience, and areas of interest, please complete the sections below and submit your application to: Fay Garvin, Executive Assistant/Board Coordinator at fgarvin@cphcare.ca
